## Candidates For City Offices

### NINE FILE PETITIONS FOR COUNCILMAN; FOUR FOR JUSTICE.

There was a lively scramble at the last moment to file petitions for city offices, the closing time of which was last Saturday noon.

Following is a list of the petitioners:

#### For Councilman

George Burke, Frank Sales, Roy O. Milnes, Carl Jenson and A. L. Roberts, all members of the present council; Holger F. Peterson, Edwin Carlson, Willard Harwood, and Earl Nelson.

#### For Justice of the Peace

Hans Petersen, the present incumbent; Paul Hendrickson, Harley Russell and George VanPatten.

#### For Constable

Joseph Denno who was the only one to file a petition for this position. The present incumbent is Morgan Paige, who also is city marshal.

#### Who They Are

Most of these candidates are well known in Grayling, and to most of us they need little or no introduction. However for those who may not be so well acquainted, we are glad to offer such information as is generally known.

George Burke is now mayor and a member of the county board of supervisors. He is the owner of the Burke Garage and apartment building and the local Ford dealer. He and Mrs. Burke came to Grayling nearly a quarter century ago from Frederic where Mr. Burke was in a similar business.

Frank Sales, councilman and supervisor, is in the insurance business. He was county clerk of this county for a period of 10 years. He is honest and capable and a high type citizen, and makes a very competent public official. He and Mrs. Sales are owners of the local Ben Franklin store.

Roy O. Milnes has lived in Grayling most of his lifetime. He is a graduate of Grayling schools. He served the Village of Grayling several years as village clerk and for several years has been on the city council and he is secretary of the Board of Education. He is superintendent of the Grayling Lumber & Supply Co., and has been active in athletic sports, and for several years has been club champion of the Grayling Golf club. He is married and has two children.

Carl Jenson, now serving on the council, has resided in Grayling for many years, and is in the trucking business. He has served as township treasurer, justice of the peace, councilman, and as a member of the board of education. He is married and has one son, Frank, who is a high ranking boy scout and has an honorable record.

Albert L. Roberts has been foreman of the Kerr & Hanson Flooring Co., for over a quarter century. He has served on the Village and City councils for many years, and also served four years as justice of the peace.

Holger F. Peterson was born in Grayling and graduated from the Grayling schools. He learned the jewelers trade from his father and with exception of a

## Grayling At Bay City C. of C. Meeting

Harley Russell, Amos Hunter, Norman Butler, and Dan Babbitt attended a meeting of the Bay City Chamber of Commerce at Bay City last week. They went as a representation from the Grayling Chamber of Commerce.

Among the speakers at the meeting was Mr. R. H. Berry of Detroit and chairman of the United States Chamber of Commerce, who gave a very interesting talk. He took for his subject "What price government" and through Mr. Berry's efforts the Grayling Chamber of Commerce has literature to distribute with the purpose in mind to enlighten the consuming public of the tremendous amount of hidden taxes they are paying and the reason for lagging industry and progress. It is hoped anyone receiving this literature will take a few minutes to read, digest and absorb it.

Mr. Berry spends a great deal of time fishing the AuSable and naturally is interested in this locality as well as conditions generally.

few years, part of which time he was in the jewelers business in Youngstown, Ohio, he has resided in Grayling. During the Woodrow Wilson administration he served as postmaster of Grayling. Since leaving the government employ he has been operating the Grayling Laundry, an institution that he started. He is married and has two sons, one of whom is a student in Michigan State College.

Willard Harwood is proprietor of the Grayling food store next door to the Carl Kriepke barber shop. He is a son of Mrs. Lottie Tatro, proprietor of the South Side grocery. He is married and there are five children in the family.

Edwin Carlson came to Grayling from Roscommon soon after he had married Miss Eva Hendrickson, daughter of Mr. and Mrs. A. E. Hendrickson. He is considered a clever carpenter and a dependable and honest workman. They have two children and reside on the South Side.

Earl Nelson was born in Grayling and graduated from Grayling schools. He is a son of Mrs. Hans R. Nelson. At present he conducts an auto service station and grocery store north of Mercy hospital.

For Justice of the Peace

Hans Petersen has been a justice of the peace for a long period of years. He at one time conducted a grocery business here. He was the head of a large, fine family, coming here from Lewiston over thirty years ago.

He is a highly respected citizen. In spite of his 80 years of age he is still doing a good job as justice of the peace which office he has held for many years. He is honest and nobody ever doubts his intentions. He is always on the job whenever he is required.

Albert L. Roberts has been foreman of the Kerr & Hanson Flooring Co., for over a quarter century. He has served on the Village and City councils for many years, and also served four years as justice of the peace.

Holger F. Peterson was born in Grayling and graduated from the Grayling schools. He learned the jewelers trade from his father and with exception of a

## To Celebrate Birthday Jubilee

March 15th was the twentieth birthday jubilee of the American Legion, and the occasion to be celebrated by Grayling Post No. 106 Friday evening at the Legion hall, the members to be guests of the Ladies Auxiliary. Throughout the world 11,506 posts are observing the 20th anniversary with parties and other demonstrations.

It was 20 years ago that 1,000 men and officers of the American Expeditionary Forces gathered in Paris, France to consider what means should be taken to form an all-inclusive organization speaking for veterans of the World War, and out of the caucus the American Legion was formed.

The organization has made rapid strides and memberships are swelling each year, with the record thus far this year surpassing all records. Certain high ideals and principles of devotion to our country were formulated when the American Legion was founded and these principles and purposes are still alive today.

The organization too has every reason to be proud of its devoted service to disabled veterans and to the widows and orphans of ex-service men.

The evening to be spent tomorrow will bring back many memories of the early days of the organization as Past Commander Alfred Hanson has been delving into the records of the Avalanche, and is sure to have an interesting history to present.

## Womans Club

Mrs. Frank Bond opened her home to the Womans Club Monday evening. Irish jokes made the roll call very humorous.

Miss Margrethe Bauman gave a very interesting talk on the "Life of John McCormick," the Irish singer who has thrilled American audiences on so many occasions.

Mrs. Roy Milnes sang two selections, "Last Rose of Summer," and "Believe Me If All Those Endearing Young Charms."

Monday afternoon eleven members of the club were luncheon guests of the West Branch Monday club at West Branch.

A musical program was given by the Grayling Woman's Club Music committee. Mrs. Roy Milnes, Mrs. Harold Jarmin and Miss Martha Johnson appeared on the program.

Others attending from Grayling included Mrs. Wm. Hill, Mrs. T. P. Peterson, Mrs. Burton Weite, Mrs. Holger Peterson, Mrs. Joseph McLeod, Mrs. O. P. Schumann and Mrs. Stanley Stealy, president of the Womans Club.

#### For Constable

Joe Denno is the only one to file an application for the office of constable. Mr. Denno is a married man and is an employee at the Kerr & Hanson Flooring Co. At one time he took an examination for postmaster. He is intelligent and considered by those who know him best as a splendid citizen.

## Easter Seal Sale Starts Monday

The Sixth Annual nation-wide Easter Seal Campaign to aid crippled children opens next Monday, it was announced today by Percy C. Angove, executive secretary of the Michigan Society

for Crippled Children, Inc., from the office at 548 Buhl Building, Michigan.

Michigan is joining with 30 other states throughout the country affiliated with the National Society for Crippled Children, Inc., to raise funds to carry out their programs of giving every crippled child in the State an opportunity for a full and better life.

The Society is a lay organization established in 1921 which helps in developing a well-rounded program for the crippled child, embracing proper medical treatment, hospitalization, education, proper psychological adjustment to their environment, vocational training and employment. The annual Easter seal drive provides necessary funds to carry on their work.

In urging that all citizens of Michigan buy as many Easter seals as they possibly can, Mr. Angove said, "In our State alone there are approximately 20,000 crippled children. In view of the fact that about 2,000 new cases come to light every year and over 14,000 are now actually receiving service it is imperative that the public become conscious of the great problem which the movement for the care of the crippled is attempting to solve."

Gerald L. Poor, Superintendent of Schools is chairman of the local drive.

Users and dealers are being asked to communicate at once with their local health officer if they are offered for sale a shaving brush, 4½ inches over all with a handle ¾ of an inch in diameter, painted in two colors and bearing on the top the words "Japan 332" and, on the side, "Imperial-Sterilized."

A quantity of the brushes were imported from Japan in 1937 and distributed from New York to various parts of the country. A recent death in North Dakota was traced to the shipment.

Proper sterilization of all animal hair shipments entering the country, as required by the Federal government, kills the anthrax bacillus. But it is evident that the brushes escaped this treatment despite the assurance to the contrary imprinted on the handles. Partial or insufficient sterilization will merely cause the bacillus to develop a seed or spore, highly resistant to disinfectants and germicides, which may continue to exist as a potential danger for years while awaiting conditions favorable to growth.

The germ is carried in the hair of goats, sheep, horses, and other animals and is prone to attack woolen workers, tanners, furriers, brush makers, shearers, herders, race track attendants, circus workers, dairymen, farmers and butchers.

The disease usually starts as a local abscess of the skin or membranes of the eyes, nose or mouth.

Gangrenous, carbuncle-like lesions form on the skin. Surrounding areas are reddened and the lymphatic glands become enlarged. Later symptoms resembling typhoid appear. About one-third of those attacked succumb to the disease in two or three days.

Early excision of the infected area offers the best hope of cure but recently developed anti-anthrax sera are also used successfully when promptly and properly administered.

COUPLE WELL KNOWN IN GRAYLING TO BE WED

Many people of Grayling will be interested to hear of the approaching marriage of Benjamin Jerome Jr., son of Mr. and Mrs. Benjamin Jerome, of Pontiac, and Miss Virginia Spence, daughter of Mr. and Mrs. James Spence, also of Pontiac.

The wedding will take place at the First Presbyterian church at 7:30 o'clock, April 8th.

Mrs. Donald Ballman, of Midland, sister of the bridegroom elect, entertained with a tea Saturday afternoon at the home of her parents, for Miss Spence.

Included in the guest list was the name of Mrs. M. A. Bates, of Grayling, grandmother of the bridegroom elect.

Natural Resins From Trees

All the natural resins are secretions from trees, and come mainly from tropical countries.

## KIWANIANS CELEBRATING BIRTHDAY FRIDAY NIGHT

Grayling Kiwanis club is four years old this week. To celebrate the event there will be a banquet and dance at Shoppagons Inn Friday evening. Of course, St. Patrick's day will share in the event.

President Charles Moore says there are going to be a couple of surprises, and he has people guessing. Special invitations have been sent to West Branch and Traverse City clubs to attend the meeting. The banquet will begin at 6:30 sharp.

Health Engineer Warns of Health Hazards

Dr. Wm. H. Cary, Jr., an engineer of the State Health department, was speaker at the Kiwanis club luncheon last week Thursday when the meeting was changed from Wednesday to that date for the speaker's convenience. He called attention to many health hazards that confront the people every day. Water, food and milk supplies; improper plumbing and observance of health habits play important parts in the health of the public. His talk was very interesting and instructive.

Our services are increasing in interest and attendance. We are coming up to Easter with great expectations and we want you to come with us.

The orchestra under the direction of Mr. Rowland gave valuable service last Sunday in Bible School. Come and hear them. This fine organization has splendid possibilities in adding interest to our work. We urge your attendance at all our services.

Our services were very well attended last Sunday. Several out-of-town visitors were also present. A feature of the service was vocal solo, most helpfully rendered by Mr. E. Webb of Mt. Pleasant. This man, who is 81 years of age, has a voice of rare quality and he uses it with feeling and expression. He was accompanied on the organ by his daughter Mrs. C. G. Clipper; and by his granddaughter in a violin obligato. This in itself is rare because here were represented three generations. We all enjoyed hearing them. Please come again soon.

### Health & Hygiene

#### BILIOUSNESS

Biliousness is a digestive complaint which brings to the mind's eye the picture of a person with a lusterless expression and sallow skin. The whites of the eyes are yellowish and the tongue is heavily coated. The bilious person complains of fatigue, a nasty taste, a tendency to nausea, lack of appetite, constipation and depression of the spirits.

The symptoms usually are related to some disturbance of the liver or gall bladder. In all such cases careful study of these organs is necessary since the presence of stones or heavy infection in the gall bladder will account for the physician, but diagnosis lies solely on our own knowledge.

**RAMBLERS ARTICLE GROSSLY EXAGGERATED**

Grayling school authorities say that the article entitled "Ramblers Cleaned", as published in the Roscommon Herald-News and reprinted in the Avalanche in our last issue was much exaggerated and not entirely true.

Teams playing Grayling High School are given every protection possible. A locker room is provided them and a key for keeping it locked while the team is not in the room. That's the team's responsibility to keep their locker room locked. In every city there are some youngsters who are light-fingered and have to be watched. Grayling has them. Roscommon has them and practically every community has them. Local school authorities have checked with those of Roscommon and the latter say they have never had any trouble of that sort in Grayling.

A deplorable fact is that with two or three such youngsters in a community, the whole population is branded and false impressions are made.

As to Grayling boys and girls we positively know that they are as fine a lot as may be found in any similar community. To class them with "The Dead End Kids" is a misnomer. We don't believe the Herald-News fully realized just what that statement might mean to boys and girls in general, as it implied.

Grayling has some bad boys and we know it. Prompt action by our police officers and state police was taken to apprehend the miscreant. There is still good in every bad boy and for that reason the apprehension of this youngster has not been made public. Nonetheless, Grayling authorities are just as concerned about the conduct of our youngsters as is any community, and whenever misdemeanors occur they are first to try to apprehend and correct the perpetrators.

William Cukshank and Lee Baldock, of Detroit were guests of Mr. and Mrs. Carl Peterson Wednesday.

Mrs. Kenneth Dobbyn of Detroit is spending a few days visiting her sister, Mrs. C. R. Keyport and family.

Mr. and Mrs. Donald Milks and son Lloyd of Traverse City were the guests of Mr. and Mrs. Frank Lydell over Sunday.

Mr. and Mrs. Matt Bidvia enjoyed a week end visit of the latter's sister, Miss Elva Wenzel and friend, Miss Annette Toscano, where she was turned over to grandparents with whom she has since made her home.

Dr. Scott, a former minister in Grayling and well known in Michigan, wrote, "Poor China, which has yearly had to endure catastrophes that would be almost death blows to a smaller and less virile nation, has been called up to undergo unspeakable sufferings this past year."

In my own field, added to the horrors of war, several thousand houses in the southwestern section were destroyed by an earth tremor. After the Yellow river opened its mouth and went on a rampage, wrecking 135 villages and rendering homeless some 65,000 people.

As the Trenton to Nanking railroad cuts through our country it did not escape its share of bombing, looting, burning, cutting and killing. Our country pastures, engineers and citizens have brought in to us harrowing accounts of the sufferings of the helpless country folk.

We are thankful that both Tsinan and Tsingtao were spared the fate of many of the larger cities. In Tsinan the people were kept in a state of pitiful fear and suspense by almost daily appearances of the enemy airplanes overhead, and the nerve-twitching shrieks of the alarm sirens, but few bombs were actually dropped and with few casualties.

The actual "take over" of Tsinan and Tsingtao was in each case not accompanied by bombing, rape or the burning of property and killing of innocent civilians, though the property of many Chinese in these two cities was promptly confiscated and practically all who had held any positions under the former government are jobless and even foreigners have been compelled to submit to many kinds of indignities.

Miss Beatrice Peterson of C. S. T. C., Mt. Pleasant, spent the week end visiting her parents, Mr. and Mrs. T. P. Peterson. She had as her guest Miss Delphine Gibas, of Mt. Pleasant.

Sheriff and Mrs. John Papenfuss were in Midland visiting the former's mother Mrs. Louisa Papenfuss Sunday and Monday. They also visited a sister-in-law Mrs. Amanda Bund in Flint, who is ill.

Mrs. Marie Hanson, Mr. and Mrs. Carl Hanson, Waldemar and Anker Hanson, and Miss Ila Welch spent Sunday visiting Mrs. Holger Hanson, in Saginaw, who underwent an operation several days ago.

Mrs. Eva Wingard returned to Romeo from Florida Friday after a several weeks' sojourn. At present she is visiting her son William and family in Ypsilanti, and will be returning to Grayling in a couple of weeks.

Bert Confer and children Bert, Walter, Mrs. Ernest Lovely and Miss Bertha Confer left for Auburn Wednesday to be in attendance at the funeral of the former's father, Bert Confer, who passed away Monday.

Hubby—Darling, you recall you told me you had to have a complete new outfit, because the women in the neighborhood knew everything about you?

Darling—Oh, yes! So you're going to give me the money?

Hubby—No, my pet. I find that it will be \$43 cheaper to move to a new neighborhood. Farm Journal.

Setting the Matter Right  
Magistrate (to elderly witness)—Your age, madam?

Witness—Thirty.

Magistrate—Thirty what?

Witness—Years.

Magistrate—Thanks. I thought it might be months.

Worried  
"I'm kind o' worried about that boy o' mine," said Farmer Corntassel.

"What's the trouble?"

"He's one of those young fellows that's too smart to take advice and not quite smart enough to think it up for themselves."

Full of Pepper  
Diner—Waiter! This stew is terrible. What kind is it?

Waiter—The chef calls this his enthusiastic stew.

#### SCHOOL NEWS

9th Grade Home Ec. Girls Give Demonstrations Friday

The 9th Grade Home Economics girls gave demonstrations Friday afternoon as the final activity of the Home Nursing Unit. Each girl demonstrated one part of the unit as follows:

Joan Montour—Removing insect from ear.

Faye Christensen—Taking temperature.

Jerrine Mathews—Bandaged an elbow.

Mildred Craft—Bandaged a finger.

Beatrice Carr—Bandaged a knee.

Betty Christensen—Bandaged an ankle.

Aileen Larson—Bandaged a forearm.

Gloria Brown—Bandaged a head.

Joyce Bugby and Ruth Ann Kerosky—Made a mustard plaster and demonstrated on a doll the correct method of applying it.

Elaine Broadbent—Took pulse.

Gloria Mortenson—Prepared a soft diet.

Donna Lee LaMotte and Eugenia Wheeler—Showed the two correct ways to fit a hot water bottle.

Margaret Reynolds—How to stop bleeding.

June Dorah—Removing dirt from the eye.

Patricia Carter—Sterilized bandages.

Barbara Annis—Prepared and applied a fomentation.

Marian Kasper—Artificial respiration.

The various class projects which the girls made were exhibited. One table held a display of amusements for the convalescent. Charts showing rules for health, daily food requirements, and one on communicable diseases were made. One project was a wheelchair made from a rocking chair, a pair of roller skates, padded with pillows, and a blanket.

A doll's bed was made to show the correct way to make a bed.

Small medicine chests were made and equipped with the necessary first aid materials. They were made for the chemistry laboratory, manual training room and home economics laboratory.

Interesting Program Presented March 3rd

Friday March 3rd, a varied and interesting assembly program was presented to the students. The Girls Glee Club under the direction of Miss Johnson, sang several numbers and led the assembly in singing "The Umbrella Man," and "Pocket Full of Dreams."

Leo Lovely as coach of the High School reserves gave an interesting talk on his work with this year's squad. Coach Cornell spoke of this year's team and presented the winners of this year's ping pong tournament with their awards. These were: Jane Milnes as Junior High girl champion; Robert Clark as Junior High boys champion, and Ted Nelson as Senior High boys.

The band, under the direction of Mr. Rowland, rendered three numbers which were well received, as were the numbers by the Girls Sextette.

The complete program was as follows:

Band—"On Dress Parade." Girls Glee Club—"Just A Wearyin".

Group Singing—"The Umbrella Man".

Sextette—"Will You Remember?"

Band—"Hiawatha's Melody" of Love."

Lou Lovely as coach of the Reserves.

Sextette—"Little Old Lady". Mr. Cornell—Ping Pong awards.

Pep Meeting—Jerrine and Natalie Peterson; cheer leaders.

Girls Glee Club—"Marchita".

Group Singing—"Pocket Full of Dreams."

The 9th Grade Party

Friday, the 9th grade sponsored one of the most enjoyable school parties of the year. Under the direction of their sponsor, Miss Tumath, they had tastefully decorated the gym and made sure that everything was in order for their guests, the students of the upper six grades.

The result could only be a most pleasant and enjoyable party as nearly 100 students who were present can testify. Congratulations are certainly in order for the 9th Grade and their sponsor.

This week the final curtain is being rung down on the basketball season as the class tournaments gets underway and roars thru to the finals on Thursday and Friday.

## Gallaudet Was First to Start School for Deaf

Dr. Thomas Hopkins Gallaudet, for whom Gallaudet college is named, was the first American educator to establish a school for the deaf in this country.

Born in Philadelphia on December 10, 1787, he was a tutor and a theological student, but, because of ill-health, declined a ministerial position.

Then Gallaudet became acquainted with a deaf child named Alice Cogswell and it was his interest in her education which led him to devote his life to the education of the deaf. Furnished with funds raised by Alice's father and a number of friends, he went to Europe to make a study of methods employed there.

Upon his return, related Leslie Hartley in the Washington Star, Gallaudet, in 1817, founded at Hartford, Conn., the first free American school for the deaf and was its president until 1830. During that period he was able to train a number of men in his methods of teaching and these, in turn, became heads of similar schools all over the country.

Dr. Gallaudet married one of his pupils, Sophia Fowler. They had two sons: Thomas, who became a missionary to the deaf, and Edward Miner, who was the first superintendent of the Columbian Institution for the Deaf when it was established in Washington. The advanced department of this institution, which is the only college for the deaf in the world, is named in honor of Thomas Hopkins Gallaudet.

## LAWS AND REGULATIONS FOR MOTOR BOAT OWNERS

The opening of navigation, which is not very far off, will find a great many new owners of motor boats unfamiliar with the laws and requirements as to numbering and equipping such vessels prior to their being navigated.

It is with the thought in mind of informing such owners of the requirements and thereby reducing as much as possible the assessment of penalties for non-compliance, that the following highlights of the Motor Boat Numbering Act of 1918, as amended, and the Equipment Act of 1919, as amended, is submitted.

1. Report of purchase of a motor boat by filing a notarized bill of sale must be made to a custom house within ten days. (Penalty for failure to so report, \$10.00.)

2. There is no fee charged for awarding a number and issuing a certificate for a motor-propelled boat.

3. A certificate of award of number must be carried on board. Failure to comply incurs a penalty of \$10.00, and failure to comply with any demand of a U.S. Collector of Customs Officer incurs a penalty of \$10.00.

4. Report of loss, abandonment, or destruction of a numbered boat must be made to a custom house within ten days. (Penalty for failure to so report, \$10.00.)

5. Motor boat equipment must be carried, viz: Fire extinguisher, whistle, life preservers, pilot rules, lights after sunset, etc. (Penalty for omission of each piece of equipment \$10.00.) Printed regulations on this subject will be gladly furnished any person on request.

6. Sailing vessels without motor power (underway) after sunset are required to carry colored side lights—green to starboard and red to port. White bow and stern lights are not permitted.

7. When at anchor, such vessel shall carry forward, where it can best be seen, but at a height not exceeding 20 feet above the full, a white light visible all around the horizon at a distance of at least one mile.

## Requiem for San Francisco Ferries

The Alameda-Southern Pacific 7:30 Commuters' club performed the final rites as the San Francisco systems went out of business, giving way to the San Francisco-Oakland Bay bridge rapid transit system. Six pallbearers carried a model of the ferry boat Sacramento and tossed it to a watery grave in San Francisco bay.

Municipal Plants Foot the Bill for Village in Vermont

Lyndonville, Vt., March 8 (AP)—The municipally owned electric plant and water works of this village of 1,500 persons will foot the bills for 1939; the people will be tax exempt.

That was the decision of voters Wednesday night after it was disclosed that, besides paying running expenses for a year, the electric plant also could set aside \$500 to start a reserve fund of \$10,000 for improvements to the plant and \$200 for this year's hard surface road work.

Nearly St. Johnsbury, a community of 10,000, was shown at its annual meeting virtually to be debtless.

The Michigan Sportsmen's Show from New York again visits Detroit April 1 to 8 and is operated as the Michigan Sportsmen's and Boat Show at the Fair Grounds Coliseum. The same group of guides who thrilled Michigan sportsmen last spring will be on hand to stage their exciting battles on the log.

Outdoor enthusiasts in Michigan declared the Sportmen's Show at the Coliseum last spring to be the best ever conducted in this state and they look forward to witnessing an even better show in 1939.

Many new features have been added to the April Show including "Slingshot" Charlie of Tennessee, who has been the subject of Ripley's Believe It or Not! cartoon twice in recent months; also Joe LaFlamme, the famous dog team racer of northern Ontario who will appear in an Arctic and Hudson Bay exhibit with a team of six trained wolves who have been taught to pull a dog sled.

The Michigan Sportsmen's and Boat Show at the Detroit Coliseum is the only show of this character to be held in Michigan in 1939. The Show will be directed by the Campbell-Fairbanks Expositions, Inc., whose Detroit headquarters is at the Wolverine Hotel.

Non-partisan News Letter

Lansing—The ardor of legislators for outright repeal of the civil service law is cooling off.

Whereas outright repeal of this much-discussed statute appeared a fortnight ago to be certain, today sentiment is growing slowly for revision of the 1937 law, retaining most of its provisions and amending others to provide competitive examinations for all state employees except those in the lowest income brackets and executives at the other end of the scale, who help to shape administrative policies.

The so-called Pollock bill, recommended by the State Civil Service Study commission of which Dr. James K. Pollock of the University of Michigan was chairman, has been re-introduced in the House of Representatives. The state affairs committee has decided to use this 1937 bill (which was amended by the 1937 legislature) as its starting point.

If this movement receives legislative support, the administration then would be in a position to maintain that it had enacted a "genuine" civil service law and that the Republicans, instead of the Democrats, were the real friends of civil service.

"Rural opposition to the features which are claimed to center price competition on farm produce will probably grow in volume as the session progresses," states R. Wayne Newton, director of the retailers' organization.

A number of bills have been introduced, proposing to outlaw any prices "below cost" and otherwise to regulate retailers.

The present legislative "straws in the wind" are against any further extension of state regulation and control. This conservative trend also makes unlikely the passage of any milk price control measure at this session.

Milk producers are still hopeful, however, that a compromise plan can be agreed upon that will afford some relief from the present low bulk price of milk at the farm—a price which, producers say, does not afford any margin of profit above cost of production.

**Fair Trade, Milk Bills**

According to the Michigan Retail Institute, trade groups are "hopelessly at loggerheads" over the merit and constitutionality of any unfair trade-practice bill which seeks to maintain prices.

**Bricks and a Bouquet**

Because many newspapers advocate retention of civil service and oppose outright repeal, some legislators have been inclined in recent weeks to grumble loudly about the press.

To seasoned capital correspondents who have seen administrations come and go and who followed the 1938 campaign in which few newspapers rallied to the support of Frank Murphy, the present critical attitude is a sudden reversal in form.

While law-makers are now in a mood to damn editors in general and correspondents in particular, newspaper writers generally agree that the present membership of the legislature is distinctly above average in individual competency and ability.

At the same time, viewing the Lansing scene as unbiased observers, they believe that any civil service action smacking of sabotage would react unfavorably to the party in 1940.

Dr. Eugene Elliott had supported the resolution which he felt would permit local districts to undertake needed school building construction.

Only two issues will appear on the April ballot: (1) Nonpartisan election of judges; (2) To permit the legislature to extend to circuit court commissioners judicial powers similar to those of justices of the peace.

We present these candid statements for what they are worth.
